About Our Cover

In honor of America's Bicentennial year, the 1976 "Boston Catholic Directory" features the national colors of red, white, and blue, in addition to illustrations particularly apt for Boston and the Archdiocese of which Boston is the See City. At left is a likeness of St. Botolph, 7th Century Abbot of Ikenho who is patron and name-saint of the City, while at right are pictured two of Boston's oldest and most distinguished Catholic institutions, both designated in 1975 as official Bicentennial churches. At top is St. Joseph's in the West End, built in 1823 and acquired by the Diocese in 1862. At bottom is St. Stephen's along the Freedom Trail in the North End, which edifice was restored to its original simplicity in 1965. St. Stephen's is the Home of the Society of St. James the Apostle. The statue of St. Botolph is the only such likeness in America. It was commissioned by Rev. Gerald L. Bucke, pastor of St. Joseph's Parish, to mark the Bicentennial, and was blessed and installed in St. Joseph's Church on Patriots Day 1975 by the Most Rev. James J. McGuinness, Bishop of the Town of Boston, Lincolnshire, See of Nottingham, England. St. Botolph holds a replica of St. Joseph's Church.

EASTER

Easter Sunday is the first Sunday after the first full

moon which occurs on or after March 21. It may be as

early as March 22 or as late as April 25. In 1975 It

will fall on March 30.

The six and a half weeks which precede Easter Sunday

are known as Lent. However, as restrictions are lifted on

Sunday, the forty weekdays of this period constitute Lent

during which the faithful are exhorted to follow the

example of Our Lord and Saviour in His fast of forty

days and nights in the desert. In 1975, Ash Wednesday

will fall on February 12.

Dear Mr. Foote,

We did not want to pay our bill without saying a word on how wonderful an experience it was dealing with you.

If it is true that business people in our time, are hard to deal with, you are a happy exception to that rule.

We would like to say how cooperative, courteous and diligent your workmen were. They really did not spare themselves even when difficulties came up---and many did! If all businesses were conducted as yours, our world would be a lot healthier and happier.

Thank you very much and may you be in business a long time.

Sincerely yours,

Mary Elizabeth

CATHOLIC COURTESY

Within the Parish:

REGISTRATION

1. A family should be registered in the parish soon after it moves into the parish limits. The head of the family should call at the rectory to give information on school-age children, and sick or infirm persons who cannot attend Mass so that they may be placed on the Communion list. All information should be supplied which will enable the priests to render spiritual aid to the family.
2. A family leaving the parish should similarly inform the pastor of its departure.
3. Attending Mass in another parish church does not alter membership in one's own parish, nor relieve one of one's responsibilities to it.
4. Calls at the rectory should be scheduled, if possible, by phoning in advance for an appointment.

SICK CALLS

1. In cases of grave illness or danger of death, the rectory should be notified without delay, no matter what the hour.
2. The sick person should be encouraged to recite an act of contrition pending the arrival of the priest.

The day the Catholic families banded together

Back in 1879, a group of recently-arrived Catholic families planted the seed of a new idea, a fraternal insurance society for mutual security and social benefit. The seed became a tree, the tree a forest. Foreseeing such growth, they named their society The Catholic Association of Foresters.

As a member of this non-profit organization, you have many ways to protect your family. Life insurance made flexible to a broad spectrum of needs. Accident and illness income protection. Hospitalization and medical coverage. And other specialized plans.

The association offers social and spiritual activities, programs for underprivileged families. Young members and the children of insured members can compete for Foresters College Scholarships.

Which plans are best for you and your family? Let the Catholic Association of Forester's help. We'll be glad to review your particular needs with no obligation.

Call us at (617) 536-8221 or write for more information.

Energy saving hints for greater efficiency with Natural Gas

These days, we're more conscious than ever of conserving vital energy. So here are some suggestions that can help you use clean, efficient natural gas appliances more efficiently.

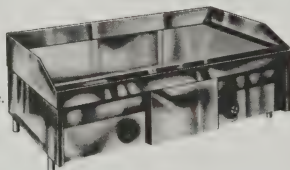

1. Use ranges and ovens wisely

On solid-top ranges, a 10-15 minute preheat period brings the surface to cooking temperature. On open-top ranges, there's no reason to turn on the burners before actual cooking. Regulate the burners so that flame tips just touch the utensil bottoms. A higher flame only wastes gas. Turn down the flame when cooking temperature is reached.

Slow roasting not only reduces meat shrinkage but saves gas. When preheating the oven, set the thermostat at the desired temperature. A higher setting won't heat the oven any faster. Avoid opening oven doors unnecessarily.

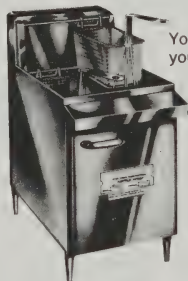

2. Operate gas griddles efficiently

Never overheat a griddle. The cooking results could be unsatisfactory and also waste gas. For light grilling, a low or medium flame is adequate. Turn down burners during slack periods. Use the thermostat. And of course, a clean griddle is more efficient.

3. Conserve gas when using broilers

Since gas broilers heat so quickly, the flame can be turned low between broiling operations. During slack periods, turn gas off completely. Operate only part of the multiple-burner broiler during slow periods. Unclog burner ports with a stiff wire. Again, a clean broiler will be more efficient. Scrubbing the broiler chamber and scraping the upper and lower sides of the grids maintain peak performance.

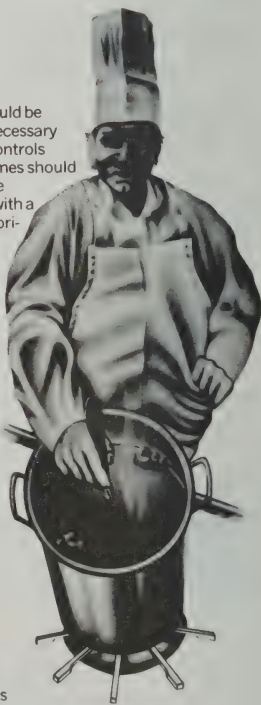

4. Handle fryers effectively

You'll save gas and get better results when you melt the fat completely and bring it up to the proper temperature before frying. In modern high-speed fryers, temperatures ranging from 325 to 335 are ideal for most food. Turn the thermostat down or off when fry kettles are not in use.

5. And in general . . .

Remember gas equipment should be checked and adjusted where necessary by experts. Thermostats and controls should be accurate. Burner flames should have the proper gas/air mixture — the flame should be all blue with a firm center cone. Burners and orifices should be kept clean.

"IF YOU WISH TO HEAR THE MASS AS IT SHOULD BE HEARD, YOU MUST FOLLOW WITH EYE, HEART, AND LIPS ALL THAT HAPPENS ON THE ALTAR."

Pope Saint Pius X

The above quotation prefaces a Sunday Missal published when the Mass was offered in Latin. Today, with the mass offered in English, His Holiness undoubtedly would add "ears" to the ways in which the Mass should be heard.

Since the parishioners could not understand the spoken words, architects designed churches with long "reverberation times" which enhanced the sound of organ music, but hindered the intelligibility of speech. Until a few years ago, most attempts at church sound systems resulted in amplifying the reverberation along with the priest's voice. The sound was louder, but often harder to understand.

Today, professional sound system designers can

state the system specifications required by your church in real numbers, including the "allowable percentage of consonant loss" which determines intelligibility. The installed system is then measured to insure that the specifications are met. The final results are amazing.

Our reputation for high quality, reliable church systems has resulted in many installations covering the New England states. Precision Electronics has always promised that if you are not delighted with our system, it will not cost you one penny. If your parishioners cannot "hear the Mass with their ears" please call for details. No obligation, of course.

To God again the enfranchised soul must tend,
He is her home; her author and her end.
No death is hers; when earthly eyes grow dim
Starlike she soars and Godlike melts in Him.

The printer for all seasons

Once upon a time all the printing in the Church was confined to monasteries where the monks labored tediously transcribing the words of God for the generations to follow. Centuries later, we at the Fandel Press feel somewhat awed to realize that here in our plant alone we are capable of printing and binding more work in a month than all the monks and artisans of the past ever accomplished in a lifetime. Why is this? The reason is simple. Printing has developed to the point where it is essential to everyday living. It is a vital force for today and the tomorrows of the future. At the Fandel Press, printing has rolled off our presses every working day of every week of every month of every year for fifty-two years... indeed the printer for all seasons. Won't you think of us for your next printing order?

SEMINARS (THEOLOGICAL)

Assumption B.V.M. Parish Center 683-1069	174
--	-----

When a priest is called to administer the Sacraments in our homes to the sick, the following preparations should be made:

1. The room should be clean and suitably ornamented.
2. A small table should be conveniently placed, covered with a white cloth.
3. A crucifix placed in the center of the table.
4. Two blessed candles placed in candlesticks on the table. These should be lighted when the priest is expected.
5. A vessel containing holy water should be provided, and a sprinkler if possible.
6. A glass of fresh water placed on the table, a teaspoon and a plate with small crumbs of bread for cleansing the oil from the hands of the priest.
7. A white cloth or towel placed ready to be used by the sick person while receiving Holy Communion.
8. Some cotton wool provided to wipe away the anointing.

When the priest is known to be carrying the Blessed Sacrament, it is a very laudable custom for one of the family to meet him at the street door with a lighted candle and escort him to the sick room. All those present in the room should kneel when the priest enters with the Blessed Sacrament.

During the Administration of Communion and Extreme Unction the members of the family should assemble in the sick room and pray for the patient.

**THE THREE
PRINCIPAL FEASTS
OF THE YEAR ARE:**

1. **Christmas** commemorating the birth of Our Lord.
2. **Easter** celebrating the Resurrection. (Easter is always the Sunday after the first full moon following March 21 and determines the position of the different seasons of movable festivals of the year.)
3. **Pentecost** celebrating the Descent of the Holy Ghost upon the Apostles.
Every day of the year the church commemorates her saints (Sanctoral cycle) and encourages the faithful to imitate them.

*Today—
Just as for Generations...*

First National Stores has come a long way over the years, from the corner store which was once so much a part of almost every New England community to the magnificent, modern supermarkets which range from Northern Maine to New York and New Jersey in our own day. But basic "storekeeping" principles have not changed at First National — and they won't.

Today, just as for generations, First National knows that there is no economy without quality. Insistence upon rigid standards of excellence prevail now, as they always have. Quality is guaranteed.

First National is also dedicated to thrift . . . to lowest possible prices for its customers every shopping day of the year.

Today First National is quite as concerned as ever with matters of friendliness and courteous service and dependability . . . with providing the very best in foods and food shopping, in the famous First National tradition.
